

A romantic wedding photograph of a couple in a forest. The groom, on the left, is wearing a light grey suit with a white shirt and a dark patterned tie. The bride, on the right, is wearing a white lace wedding dress with a long veil and a floral crown. They are standing close together, looking at each other and smiling. The background is a dense forest of tall, thin trees with green foliage, creating a soft, natural setting.

02. SHALL WE BEGIN

You're engaged, and thats AWESOME! You're probably also suddenly realizing that there is a lot that goes into a wedding. Deep breath. You'll get through this, and we hope we can help. If you book your wedding with us, or someone else, we have always believed in information being the key, not only for wedding photography, but your wedding day in general.

We hope in this guide we can show you our process, and leave you with some great information to make your wedding day that much better, and hopefully with us by your side.

As a company we are Kampphotography, as people we are Jake + Jess. Married for over a decade now, with two wonderful, and sometimes a little crazy, children named Ethan and Emily. We currently reside in the Manitoba country side, and love the wide open sky, and quiet calm it brings to our lives. We love capturing and sharing peoples stories, and combined have photographed over 600 weddings.

Often on wedding days, we get to see wedding photos of parents, grandparents, and even great grandparents hanging on walls. We consider it a great privilege to be part of a couples wedding day, and take great pride that we are documenting a piece of history that others will view for years to come.

So what do you say, shall we begin on this great adventure?

03. DOLLARS AND CENTS

Every wedding is unique, and coverage can vary slightly from wedding to wedding, but we have tried to make things as simple as possible. We have created a base coverage that provides ample coverage for every wedding day, and includes some extras for each booking.

In certain situations custom coverage is available. Some of these situations would include destination weddings, elopements, weekday weddings, or off season weddings. In those situations we would work with your directly in person to create pricing for your wedding.

As you work your way through booking vendors for your wedding day, you will quickly realize that prices vary from extremely high, to extremely low. We believe our pricing, finds a perfect balance for a wide variety of budgets and needs.

Some weddings, based on distance from Winnipeg, Manitoba, Canada, may be subject to a travel fee, and coverage of accommodation by the couple.

04. BOOKING YOUR DATE

You're ready to book! Awesome lets make that happen. Booking your date is very simple, first you will need to fill out our contract, which will be sent to you after our meeting. If we're not meeting in person because you don't live in Winnipeg, or you're just ready to lock things down, please email and request access.

After reviewing, and submitting the contract, you will also need to send in a non-refundable retainer. This retainer holds your photographer for the wedding day. Weddings do occasionally get called off, this retainer is there to also protect us in that case, especially if we are unable to re-book the date with a new couple. In the case of a wedding being canceled the retainer is forfeited. In the case of a wedding needing to be rescheduled, we will do our best to accommodate the new date. If that is not possible due to a prior booking, again the retainer is forfeited. The retainer to hold the date is \$1000+tax or 1/3rd of the total of the standard coverage.

The remainder of your total is due on the wedding date, if you forget to bring payment on the wedding date, don't fret, as long as its within a few days of the wedding, that's totally cool.

Methods of payment for retainer, and final payment include:

Interac E-Transfer -
Cash -
Cheque -
Visa / Master card / American Express -

Instructions for each method of payment will appear once the contract is submitted.

Though of course we hope to work with you on your wedding day, we hope in any and all ways possible, that this information will help you're wedding day be that much better based on our over 600 weddings of experience.

Lets go!

06. STANDARD COVERAGE BREAK DOWN

AMOUNT OF TIME ON THE WEDDING DAY

Though we cap our coverage at 10pm (additional hours may be purchased) our start time is flexible based on the wedding day. Every wedding is so different having a set start time just doesn't work.

ENGAGEMENT SESSION OR DAY AFTER SESSION?

We want to give couples options, when it comes to some extra photos before or after the wedding day. For most couples, we generally recommend an engagement session as its perfect to get a little more comfortable in front of the camera. For those with no photography jitters, the day after session may be right up your alley. Its the perfect opportunity to get back in your wedding outfits, and head to a location that would never work on a wedding day. Either way, the choice is yours.

HIGH RESOLUTION PHOTO DOWNLOAD

With each photographed session, engagement, wedding, or day after session, your photos are edited, and tweaked, before you see them. Once editing is complete, the photos are exported at full resolution, before being uploaded to our webstore. Once uploaded, you will receive an email with a special link, that allows you to download all of the photographs to your computer. Once downloaded, you can copy them to a whatever medium you choose to do your own printing, or you can also order prints directly though the store. Please feel free to share your images with family and friends as well.

ONE YEAR SPECIAL PRINT PRICES

For one year after the wedding, you will have special access to client specific pricing. This pricing is at cost through our suppliers, so that means, what we pay for prints is what you pay. This is crazy you may think... yes a little, but we want to make sure our clients PRINT some photos, because photos don't live on screens, they live on paper.

WEATHER GUARANTEE

The weather... no one controls it. Sometimes on a wedding day it can be kind of crummy. Though we always plan with out couples indoor locations for the wedding day (if at all possible) sometimes that isn't possible. In the case of horrible weather, on the wedding day, we offer our couples a complimentary day after session to make sure every couple gets awesome outdoor photos.

DELIVERY TIME OF YOUR PHOTOGRAPHS

Patience is a virtue... unless you're waiting to see your wedding photographs. Have no fear, in our contract, you can expect your wedding photographs within thirty business days of the wedding... but truth be told, it will probably be within one to two weeks, true story. Engagement sessions are generally complete within a couple days of the session.

08. ENGAGEMENT SESSION

Engagement sessions are the most perfect way to get comfortable in front of the camera before the wedding day. Most of us (us included) feel extremely awkward in front of the camera. When the wedding day rolls around, we want you to feel absolutely at ease in front of the camera, it helps make the wedding day that more enjoyable.

Engagement sessions can be booked any time after booking your wedding with us. Booking is as simple as sending over an email to get the date set. Generally we aim to photograph engagement sessions on weekday evenings, especially during the summer, we have day light well into the evening, giving people lots of time to still come home from work, and get ready for the shoot.

Locations are also part of the booking process. Normally we encourage our couples to pick a location, but on occasion some couples will just give us an idea of location, like nature, or urban, and we can make suggestions based on this.

Sessions on average last around 1.5 hrs and couples are encouraged to bring a few outfits as well. Generally speaking as well, there is no charge for mileage for sessions photographed outside of Winnipeg.

We are also open to travel for your session, we have made our way to Toronto, chartered a helicopter for a mountain top engagement session, if time and budget allow, the opportunities are endless.

SOME QUICK TIPS FOR YOUR ENGAGEMENT SESSION

- Wear clothing that is a little fancier then normal day to day -
- Get hair and make up done if time and budget allow -
- Guys, get a hair cut -
- Be prepared to feel a little silly, this is totally normal -
- Props are a-ok, but keep things simple, the shoot is about you, not stuff -
- Don't be afraid to be nervous, we will walk you through it -
- Be open to our guidance, its okay to be goofy, but trust us when it comes to positioning you -
- Natural colors are the best, in general simple is the best -
- Guys, leave your hats at home, we need to see your face -
- Pets are welcome, but bring someone to watch your furry friend when they aren't in the photos -
- Ask for help if you're stuck picking locations or outfits -
- If you're super, super nervous, have a drink before you leave to take the edge off -

We love day after sessions. The time pressure of the wedding day is gone, we have the ability to travel to a kick ass location that would never make sense on a wedding day. Its an amazing way for couples to get extra photos in their wedding outfits, and create some stuff photographs.

Some couples choose to go a little further with their session and make their way into water, many just go for locations that are to far away on the wedding day, the choice is yours.

Just like an engagement session, its as simple as sending us an email to get your shoot setup. You're also welcome to pass over any particular ideas you have for your session.

09. DAY AFTER SESSION

10. WEDDING DAY TIMELINE IDEAS

Every wedding is different and time-lines will vary based on the wedding, but here are some general ideas for amounts of time to set aside for your wedding day.

The goal with time planning is to make the day smooth and stress free. The times listed here are based on single photographer coverage, and with a first look before the ceremony. Adding a second photographer will mean equal coverage of the girls and guys.

One other thing missing from this time list, is travel time. Travel is very unique to each wedding, so make sure you add in any travel time to your wedding day as well.

GETTING READY PHOTOGRAPHS

Normally we suggest 2hrs for getting ready coverage split between the girls and the guys. This can vary based on distance between getting ready locations.

FIRST LOOK

30 minutes is usually perfect for the first look. It gives you time to embrace, get the nerves out, and just have a little quiet time together.

WEDDING PARTY PHOTOGRAPHS

A good rule of thumb is to set aside 5-10 minutes per member of the wedding party. Larger groups take more time to wrangle, and setup then a smaller group. Its always great as well to plan a food / drink stop for the wedding party if time allows.

COUPLE PORTRAITS

If time allows another 30-45 minutes is absolutely perfect.

CEREMONY

This of course is wildly different wedding to wedding, shortest ceremony we have ever witnessed was 4 minutes, longest 1.5 hrs

FAMILY PHOTOGRAPHS

Number of people is the key here. Some couples choose to just have immediate family present, some couples go with the full extended. Having a list of groups is also always a great plan. Set aside at least 30 minutes for family photos.

RECEPTION

Time to party! On our side of things the reception is pretty hands off. Coverage normally ends at 10pm, so use this as a guideline for planning speeches, first dances, etc. Also if things work based on weather, and location, we may also try to steal you outside for some sunset photos as well.

11. AFTER THE WEDDING

The wedding day is over, maybe you're back from your honeymoon, now it's time to enjoy your photographs. The biggest thing we hope all our clients do, is to print their wedding photographs. Photographs we never meant to live on a computer screen.

After your photographs are uploaded to our webstore, you are more than welcome to download your images, and do your own printing. Through the webstore you can also print many products including thank you cards, prints, canvas prints, albums, calendars, the options are endless. As a Kamp client you also receive one year of at cost printing. We don't make a single dime off what you print, as we want to make sure you receive high quality products that will last forever.

We have sourced all of our suppliers through the webstore, to make sure all of the products are of the utmost quality.

The man is wearing a dark suit and a red tie, and the woman is wearing a light blue, ruffled, sleeveless dress. They are both smiling and looking at each other. The background features rugged, snow-capped mountain peaks under a soft, hazy sky.
